| PN Composite Score  | 91.2                | 86.1 | 90.5     | 77.3               | 95.7    |

All measures are percentage of eligible patients that receive the intervention  
 Composite scores measure the percentage of patients receiving all interventions for which they are eligible  
 DH is better than national averages for all but 2 of the measures.
